Dear

Your name has been submitted to us with your photograph, and I regret to inform you that we will be unable to use your body in our center-fold.

On the scale of 0-10, your body was rated 2 by our panel of women ranging in ages from 60-75 years. We tried to assemble a panel in the age range of 25-30 years but we could not stop them laughing long enough to reach a decision.

Should the taste of women ever change so drastically that bodies such as yours would be appreciated in our center-fold, you will be notified by this office. In the meantime, do not call us - we'll call you.

Sympathetically

Amanda Ericsson  
EDITOR  
Playgirl Inc magazine

PS: We do commend you for your unusual pose. Were you injured in an industrial accident - or do you ride a bike a lot.
